Sent with the Gazette of 12/2/14 containing the Grant on and Rules in Madras, the Director of Public Instn has power to sanction Grants up to Rs 500

HW 24 19/2/14

3 The proposal of the DI of Edn seems to apply to the payment by him of Grants in aid from the amount of Rs 1 lakh sanctioned this year for village school buildings & not to the ordinary Grants under the Grant on aid rules. There appears to be no objection to the proposal to authorise the DI to sanction grants up to Rs 500 when the budget allotment. Perhaps he may be requested to send quarterly monthly statement of such Grants sanctioned by him

9 I agree, but —
I think it would be better to require that the grant in these cases should be sanctioned only if a village or a number of villages ~~desirable~~ feasible enter into an agreement a general form for ~~the~~ which should be approved by Govt. The agreement should state on formde

a) That an estimate has been submitted to the Dy & approved by him and a site secured —
b) That the estimated cost minus the Govt grant prayed for has been already collected & deposited in the Govt Savings Bank or in some such place —
c) That the building will be completed with a definite period & will be open for a school
d) That the accounts of construction will be open to inspection by Dy — and his advice will be followed
e) That in case the building is not utilized

NOTE—Contn sheet

(21) The conditions required by the Financial Secy in para 9 of the notes and the provisions in the new grant & and Rules are indicated below as regards the agreement itself Rule VII para 3 of the grant & and Rules requires that Managers drawing a grant for the purpose shall be required, before the disbursement of the grant, to execute an agreement with Govt embodying the conditions on which the grant has been given

condition (a) of para 9 of the notes

that an estimate has been submitted to the S of E and approved by him and a note secured

Rule VII para (1) of the grant and Rule VII states that (building) grants can be sanctioned only for work considered by the Sanctioning authority to be necessary and the estimates for which have been approved before the work was commenced x x x

Rule X para 3 requires that such applications must be accompanied by plans and estimates of the proposed building or extension x x x

The condition as to the Secretary of State's Seems unnecessary in as much as the grant is can only be disbursed to the extent of a portion of the work actually executed (under Rule VII para 8) and the work can be done only after securing the Sites

condition (b) that the estimated cost minus the Govt grant prayed for has been already collected and deposited in the Govt Savings bank &c

Such a condition exists only in the case of grants in aid to certain schools for grants under Rule N (a) payment of salaries of teachers &c (vide Rule V (c) para (1) In the case of building grants such conditions as seem unnecessary as the amount is disbursed only to the extent of 1st 2/3rd of the work actually done (vide Rule VII para 2)

(c) that the building will be completed within a definite period and utilized for a school

Rule X para (3) requires that the Manager must also fix a definite time after the date of receiving Sanction within which he is prepared to complete the work & under the same rule no grant can be sanctioned for any work which cannot be completed within two years In Rule X para (4) (Sub para 3) it is also stated that the grant lapses unless the certificate of work and vouchers are not forwarded within the period allotted for completion of the work

(d) that the accounts of construction will be open to inspection by D I & such advice will be followed

In the Rules reference is made to such inspection &c by the D.P.W officers

(e) that in case the building is not utilized for holding a recognized School at any time it will become Govt property

Rule VII provides for a pro rata refund of grants for a period within 20 years from the date of payment of grants i.e for a generation

Paper under disposal

With a view to stimulate self-help among the people for the purpose of providing buildings for schools the Inspector General of Education suggests that he may be authovized to sanction grants-in-aid up to a limit of R 500 in each case towards the completion of the buildings for schools undertaken by private persons

Pages 2-3 of the office note

2 The First Member of Council thinks that the limit proposed by the Inspector of Education is too high and suggests a lower limit He is of opinion that the I G of Education may be allowed to sanction grants up to half the cost of buildings not exceeding Rs 300, cases in which more than this amount is requir being sent up to Government

Pages 4-5 of the office note

3 The Financial Secretary is agreeable to these proposals but suggests certain conditions to be prescribed for such grants which are all provided for under the grant-in-aid rules

4 A provision of one lakh of rupees is annually made for school buildings and the grants to be sanctioned will come out of this source

5 As the work of school buildings is reported to be delay and it is necessary to encourage the construction of as many buil ings as possible within the coming year by private agency I thir that <u>for one year</u> the limit may be raised to Rs 500 With this alteration the draft order received from the First Member may be graciously approved
